

PAUL BELASIK: JANUARY 13-14-15 IN NORTH FLORIDA

international rider, trainer, writer and teacher, and proponent of classical equestrian ideals

Belasik has ridden and trained at every level in dressage, from young horses to beyond Grand Prix, and has successfully competed at the highest levels in competition. He also has had extensive experience training and competing through the upper levels of eventing, which encompassed the early part of his career before turning solely to his first and true love of classical dressage. Belasik has sought wisdom from great riding masters such as Dr. HLM van Schaik and Nuno Oliveira.

Paul is the author of 7 acclaimed books including *Songs of Horses*, *Riding Towards the Light*, *Dressage for the 21st Century*, *A Search for Collection*, and a DVD *The Lost Quixotes*, *The Art of Collecting the Riding Horse*.

We invite you to come and share this remarkable event with us, either as a rider or spectator. Paul is also the keynote speaker at the DSDCTA Banquet on Saturday evening Jan 13.
